

On Wednesday 9 November,

RTS will be participating in the Onshore Energy Conference – London 2016

- ✓ **The global Energy Market is changing at a dizzying pace. The Insurance sector now finds it has new needs that must be addressed with services that offer full guarantees.**

Madrid, 17 October 2016.- The loss appraisal and adjustment firm [RTS](#), present in Europe and Latin America and with more than 27 years providing its services to the insurance market, will be attending the Onshore Energy Conference-London 2016 (previously the “London Power Forum”), which will be held in the Queen Elizabeth II Conference Centre in London on 9 November.

RTS is conscious of the Insurance Sector’s needs as it faces incessant change in the Energy Industry. The sector is demanding proven adjustment services in this field, offered in real-time, by qualified professionals and with global geographic coverage. In this sense, the firm will take the opportunity to showcase its knowhow and expertise in the field of Energy (both traditional and renewable energies) to all the professionals from the Insurance world who will be attending.

Members from RTS’ executive team will be representing the firm during the **Onshore Energy Conference – London 2016**, which promises to be one of the most important events in the year thanks to the broad scope of its programme. They will also respond to any questions that the public may have and discuss the services that RTS offers, the countries in which it operates and the global scope of its services, among other aspects.

RTS is present in Spain and Portugal where it has many different offices. It also operates its own branches in Argentina, Brazil, Chile, Colombia, Costa Rica, Dominican Republic, Ecuador, El Salvador, Guatemala, Honduras, Mexico, Panama, Peru, US and Venezuela. RTS is the founding partner of the VRS Adjusters network, through which it offers its services to more than 140 countries.
